6 Grade 8

4 Grade 7

5 Grade 6

The total of pupils in school is 360.

He said that he was still acting principal until further notice and welcomed Nancy McAleer as the new vice Principal.

Cross Country and soccer had begun being played. There is a shortage of soccer referees so some are needed to enable matches being played.

The recent Pro D day was based on the new curriculum and the changes that are occurring. One of the main things that has been changed is an increased collaboration of First Nations

culture being brought into the program. New material is being sent into the school constantly and time is being given to the staff so they can explore it for use in the classroom. A STEM club is going to be set up for students with an idea of them eventually entering a science fair.

NEW BUSINESS

The meet the teacher night is 21 September Mr Khosla has organised hot dogs and chips to be given out on a by donation premise. Money raised from this will go towards the playground fund.

Grade 6 immunisations are coming up and volunteers are needed to help hand out the juice and cookies. Carren said that some people had been approached and were willing to help. Ms McAleer thanked the parents for the support.
