- Today is *tune Tuesday*. 30 years ago a rock anthem took over the world and became one of the best selling singles of all time. "Wind of Change" by the Scorpions, came on the heels of the fall of the Berlin Wall and massive political and cultural changes that came with the fall of the Soviet Union. Listen to the Wind of Change, submitted by Mrs. Schmidt, here :<https://www.youtube.com/watch?v=n4RjJKxsamQ> .
- If you have a song to share with the school, let Ms. Grant know in the library.
