

Gordon Head Middle School

Wednesday

April 21, 2021

- There is a GSA meeting in the Band Room today from 11:57 - 12:30. Please sit with those in your cohort, and at least 2 meters away from anyone outside of your cohort.
- Tomorrow's hot lunch is cold lunch - sushi. Please check the order list with your teacher if you're unsure whether you have an order placed.
- Today's Division One Earth Day announcement comes from Kiera and Mabel: Did you know that many makeup or personal care products you use on a daily basis are filled with toxic chemicals? These toxins enter your body through your skin or by inhalation. Never fear, using local makeup brands that are eco friendly is a small change that can make a huge difference! Check out your personal care product's rating through The Environmental Working Group's website.
- Dance practices today are for team 1 at 11:57 and team 2 after school.
