December 3, 2021

- The GHMS leadership group is giving back to our community this year through a food and warm clothing drive. Please bring in non-perishable food items and warm clothing, including gently used coats, hats, mittens and brand new socks over the next couple of weeks. Leadership students will be coming around to each class during the advisory block to pick up any donations and bring them into the front hall and gathering area. We are excited to see the generosity of our community as we watch those boxes fill up. Thank you for helping to bring warmth and good food to our city this season.
- New exploratory rotation begins today. Remember to go outside through your regular in/out doors and go to the line up for your new exploratory. Music, dance/drama and woodshop all go to the doors by the parking lot, outdoor ed. to the picnic tables and home ec. and art to the doors near the back of the gym.
- Congratulations to the grade 6/7 boys basketball team on their “come from behind” win in the Battle for Bronze. The team worked hard to take the lead in the fourth quarter and then never looked back. What a great finish to your 5 and 1 season!
- There will be a large group choir practice today at 12:00 noon for all choir students, grades 6, 7 and 8.
