

Gordon Head Middle School

Friday

May 13, 2022

- Congratulations to the 23 track athletes who braved the rain and cold up at the UVIC track to compete yesterday. We had a number of athletes who qualified for the City Championship meet in June - way to go Grizzlies! Ms. Nelson will post the results for City Championship qualifiers as soon as all the results are in. Special shout out to Cooper who came first in the 2000 metre race! The next meet is next Wed. and will be for athletes competing in 100m, relays, triple jump and girls grade 6/7 high jump. Sign up will be posted on Monday.
- As there is a rugby tournament in our back field today, please note a few things: all home ec. and art students please go through the school to get to your exploratory today. There is a concession stand today at the tournament. This is closed at recess time to our students but students are welcome to purchase a lunch if you would like. Go right away as if you go later you will not get your items on time for the bell. Students are welcome to watch from a respectful distance.
