

Gordon Head Middle School

Tuesday

January 21, 2025

- **Lego Club** is today.
- Coding club meets tomorrow in Ms. Lamond's room from 3:00-4:00. There will be an **optional session today** after the lunch eating block in Ms. Lamond's room. Our robots need to be ready for next week.
- Students, please have a look at the water bottles on the ledge near the lost and found bin in the main office hallway. These have been waiting for their owners for some time now and will be donated to charity if not claimed soon.
- **In volleyball news:**
- Both boys 7/8 rec. teams (1 and 2 coached by Mr. Giesbrecht and Mr. Hotchin/Mr. Mallet) have practices at lunch today.
- Both girls 7/8 comp. teams (1 and 2 coached by Mrs. Nelson and Mrs. Gibbs) have practices after school today to prepare for their first games of the season happening tomorrow after school.
- All other lunchtime team practices are the same as last week and are posted on the team lists on the board across from the office. We will also announce them daily this week.
- Please note that the announcements are posted around the school each day as well; on bulletin boards in the grade 6 wing, the grade 7 area (near Mr. D.s room), near the main office and at the fishbowl.
